

WindX 200

Lexon Winders make WindX 200 Cheese Winders are high speed inverter driven winders for Raffia Tapes. They can be synchronised with any tape-line to produce cylindrical wound packages of Polypropylene/Polyethylene for end use on Circular weaving machines.

SALIENT FEATURES:

- High Output Speed upto 400 m/min
- Low energy consumption
- Minimum moving parts ensuring lowest maintenance requirement.
- Lowest Floor Space requirement due to 7 Tier Layout

TECHNICAL SPECIFICATIONS

Model	WindX 200
Suitable for	Circular Raffia
Traverse	200 mm
Package Dia	125 mm
Core ID	35 mm
Denier	Upto 2000
Speed	400 m/min

ABOUT US

LEXON is India's oldest manufacturer of Precision Cross Winders, popularly known as Cheese winders or Tape Winders. LEXON's experience with Tape Winders goes back to 1981 when its parent company "Trident Take-Ups" introduced Precision Cross Winders in the Indian market. It was a huge success and resulted in excellent business with Woven Sack Manufacturers as well as OEMs.

Ever since, LEXON Winders has been able to consolidate its position of leadership in the Indian market as a specialist in winding equipment for raffia tapes and rope yarns. Lowest running costs and affordable initial investment has been the USP of Lexon Winders products. Over time Lexon has established its presence in other world markets through a growing network of Agents and overseas OEMs.
